

## Project Management Support Migration Functionality Finance, Part Management and Inventory Module Implementations

### The Client

Founded in 1972, the Client is a human care company pioneering significant innovations and clinical solutions for treating cancer and brain disorders. It develops sophisticated state of the art tools and treatment planning systems for radiation therapy and radio surgery, as well as workflow enhancing software systems across the spectrum of cancer care. The Client is a world leader in image guided and stereotactic clinical solutions for radiation therapy and its solutions in oncology and neurosurgery are used in over 5,000 hospitals globally. With its Headquarters in Stockholm, Sweden, the Client has around 2,500 global employees.

### Business Need

The Client approached Microexcel to manage its project; to plan, direct and coordinate the migration of functionality from existing business unit finance and product inventory systems into their corporate ERP Lawson Movex M3 system. The scope of the project management includes Finance, Manufacturing, Part Management, and Inventory module implementations.

### Solution

Microexcel has demonstrated experience in providing support, coordinating and managing end to end life cycle business driven ERP Projects of similar nature. Using proven project management methodologies and best practices, Microexcel planned, executed, controlled and completed the migration functionality on time within the budget.

## Project Management Support Migration Functionality Finance, Part Management and Inventory Module Implementations

### Benefits

- Worked with the Client's project team to identify and define gap-analysis from 'as-is' to 'future-state' processes.
- Effectively estimated timescales and resource requirements for the successful delivery of the ERP project.
- Using appropriate management tools and metrics, Microexcel Identified, managed and status project schedule, budget, dependencies and critical path throughout the project lifecycle.
- Liaised with project stakeholders on an ongoing basis and effectively communicated project status and expectations to team members and stakeholders in a timely and consistent format.
- Proactively identified and managed changes in the project scope, schedule and budget, potential problems and utilized best practices in issue and risk management.
- Completed the project on time and within the budget,

### Testimonial:

" The best part of Microexcel's project management efforts is in the way they have coordinated with the project stakeholders and working across multi-regional cultural resources to deliver the project on time. Microexcel has also great ability in following a structured methodology for systems development"

- Client's Project Coordinator
