

Accelerate Your Time-to-Productivity and Leverage Additional Benefits from Your Office 365 investment.

Office 365 includes the suite of Office productivity tools you are familiar with, along with a collection of business critical services that light up without the need to buy servers!

Leveraging Microsoft's Office 365 for mail, Office, and SharePoint can reduce your dependency on internal infrastructure and systems management. Whether starting new, or migrating existing systems to Office 365, Microexcel has the processes, tools and experience to ensure your journey to the cloud is seamless.

Microexcel's robust portfolio covers all your Office 365 needs, from consulting and implementation, to assessment, planning and migration services.

Comprehensive managed services are also available for those that have already invested in Office 365 and want to maximize their return on investment.

Familiar, only better

Office 365 keeps itself up to date, so you always have the latest features of Word, Excel, PowerPoint, and more.

Get it done, anywhere

Whether you're working online or off, from your computer, tablet, or phone, Office 365 has you covered.

More for your money

With low upfront costs and the flexibility to add users and services as needed, Office 365 provides the ROI you need to succeed.

With Office 365, you get the latest Office, and additional capabilities you can easily extend across your organization.

Exchange Online

Migrate your mailboxes from on-premise, legacy platforms, or simply upgrade to the latest version. Exchange Online helps protect your information with advanced security and data protection capabilities.

SharePoint Online

Design and launch a corporate intranet, build a robust content management system and develop forms and workflow to transform the way your organization works.

Power BI

Leverage your data to build robust dashboards, scorecards and KPI indicators in real time – it brings your data to life!

Project

Make project management easy and collaborate from virtually anywhere with the right tools for project managers, project teams and decision makers.

Microsoft Dynamics 365

Deliver amazing customer experiences by building long-term customer relationships that are personalized, proactive, and predictive across marketing, sales and service.

Enterprise Mobility Suite

Microsoft's Enterprise Mobility Suite includes SKUs like Azure Active Directory Premium, Rights Management, and Intune, and provides your organization with the tools, auditing, and controls to make the leap to cloud with confidence.

Already have Office 365?

Microsoft has pushed Office 365 support to a partner-centric model. Microexcel has the competencies in Cloud Productivity to provide a higher level of direct support for Office 365. Associate Microexcel as your Partner of Record and you can leverage additional benefits at no additional cost to you. Benefits such as elevated support, consulting services and access to funding programs that Microsoft provides to partners for services such as migrations and deploying certain workloads within your environment. We will secure the funding on your behalf. We do all the work.
