

Realize the Benefits of a Proactive and Optimized Managed Services Program for your Microsoft Landscape

With the right managed services partner, organizations can refocus their IT departments towards more profitable and strategic initiatives. As an approved managed services partner with Microsoft, Microexcel provides customers with flexible options as well as customized programs, to suit their changing needs.

Microexcel's managed services portfolio helps organizations shift routine tasks as well as critical IT operational processes, to our experienced, and highly talented teams. Our programs are cost-effective and scalable and easily integrate with your existing internal teams to provide a well balanced and proactive environment. The efficiency of our managed services programs helps our customers to optimize budgets and better utilize internal resources for innovation instead of maintenance.

Microsoft Partner

Active Support

- ▶ We provide advanced technical diagnostics and issue resolution for your systems
- ▶ We can be your single-source partner and work with your extended vendor network for any integration and troubleshooting efforts
- ▶ As your technology partner, Microexcel works with your teams to roadmap the evolution of your environment to ensure a sustainable future

System Administration

- ▶ Our team of seasoned experts reviews your system's health and performs regularly scheduled maintenance
- ▶ Detailed and routine status reports allows your team to review system status and recent work at a glance

Development Support

- ▶ Extend the support of your custom development engagements
- ▶ Microexcel can support your custom solutions even when the original developers are unavailable
- ▶ Projects and workflows with small footprints can be assigned to Microexcel without a full engagement contract

Easily customize a plan or choose from one of our pre-packaged, industry leading, and flexible SLAs:
