

**Pre-Configured  
SAP® Business All-in-One  
Solution for the Consumer  
Packaged Goods Industry**

*Consumer Packaged Goods (CPG) companies need to respond quickly and decisively to dynamic market conditions. A comprehensive solution designed specifically for the needs of small to mid-sized CPG companies, can optimize key business processes to ensure competitive performance and consistent product quality.*

CPG100+ is a qualified SAP Business All-in-One solution (BAiO) solution, developed by Microexcel, to meet the needs of CPG companies in the food, beverage, appliances, and life sciences products industries. Powerful and prepackaged for quick implementation, CPG100+ supports key business processes for finance, sales and marketing, supply chain, planning, warehouse management, production and distribution, and customer relationship management. CPG100+ can scale with your business and integrate with your distributors, retailers, suppliers and other business partners.

### CPG100+ Key features

- ▶ New product development
- ▶ Forecast and demand management
- ▶ Customer order management, procurement and supply chain management
- ▶ Inventory and warehouse management
- ▶ Production performance management and shop floor control
- ▶ Reliable and real-time accounting
- ▶ Management accounting and performance management
- ▶ Management dashboard

### Business Benefits

- ▶ Reduce human error caused by manual processes
- ▶ Reduce cycle time caused by redundant and "excel-based" processes
- ▶ Reduce wastage caused by poor planning
- ▶ Improve quality by better execution
- ▶ Improve customer service by timely delivery
- ▶ Provide timely and real-time information for better decision making

The logo for CPG100+ is a dark teal circle with a white border. Inside the circle, the text "cpg100+" is written in a white, lowercase, sans-serif font. The "100" is significantly larger than the "cpg" and the "+" sign. The logo is positioned at the bottom center of the page, overlapping the two main content boxes.

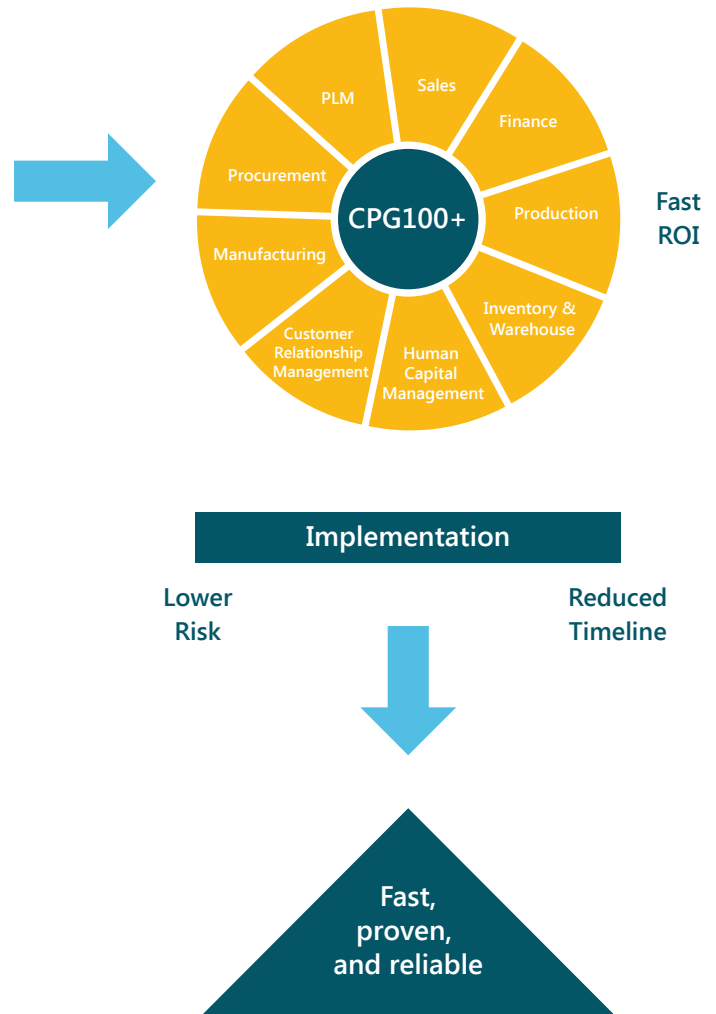

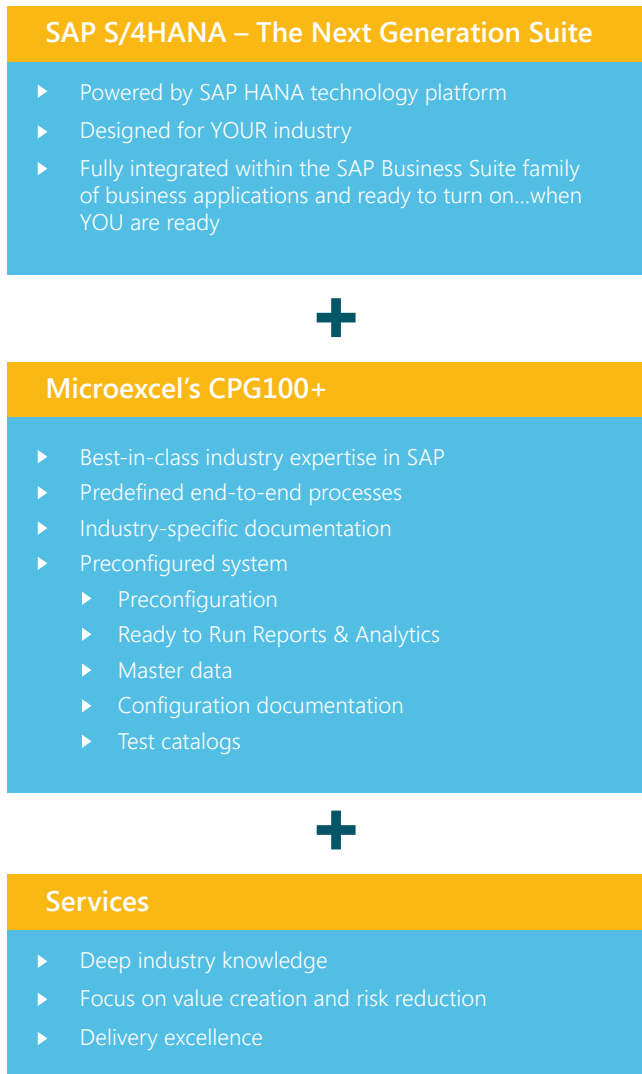

**cpg100+**

## Successful Implementation in 100 Days

Based on state-of-art SAP HANA technology, CPG100+ is guaranteed with an implementation of 100 days with the following features:

- ▶ 100 business processes
- ▶ Business processes running on SAP Business Suite on HANA
- ▶ Top management dashboard with predefined analytics leveraging HANA Live concept
- ▶ Mobility enablement based on the latest UI5 technology
- ▶ Out-of-the box portal with a fully integrated shopping cart
- ▶ Five most useful FIORI applications delivered out-of-box
- ▶ Single and two-dimensional barcode scanning and label printing functions
- ▶ Scalable solution that supports as little as five users
- ▶ Bundled with standard ExcelCare™ support plan for three years that will greatly minimize your IT overheads
- ▶ Deployed on cloud and on-premise
- ▶ Track-and-trace solution enabled

### CPG100+ - Qualified SAP Business All-in-One Solution

## Predictable Implementation With Valuable Support

### ExcelSAP™ – Repeatable, Standardized, Rapid Implementation Methodology

ExcelSAP is Microexcel's proprietary, rapid implementation methodology for SAP. With repeatable and standardized approaches, ExcelSAP reduces the implementation time significantly, by minimizing two project phases: blueprinting and development. Testing cycles are also dramatically reduced.

ExcelSAP accelerates and shortens project durations by identifying best practice business scenarios and executes those processes as standards, unless customization is needed.

CPG100+ can be implemented in less than 100 business days using ExcelSAP CPGFocus Methodology. Preconfigured scenarios and scripts reduce the time and effort of testing. CPG100+ includes timelines, process maps, exhaustive user training, master data preparation, project governance, communication plans, and technical and user documentation to speed up end user adoption and reduce custom development costs.

### ExcelCare™ – Robust Maintenance and Support for SAP Environments

Packaged with Microexcel's ExcelCare™ support services, customers get immediate return on investment with an output-based application management solution to keep the system running smoothly and up-to-date. Continuous improvement and value add services are also available. Benefit from an industry proven solution that offers predictable costs, a high level of support, and leading technologies.

CPG100+ is designed for consumer products companies seeking to grow and leverage a leading solution as a foundation to build competitive advantage.

#### Why CPG100+

- ▶ 100 pre-configured best practices in a box
- ▶ Scalable, extendable and customizable
- ▶ Reduce implementation time by 50%
- ▶ Reduce total cost of ownership by 60%
- ▶ Leverage the latest technologies without the associated risk
